STEVEN SADEMI

+62 813 5185 1414 | stevensademi88@gmail.com | Surabaya, East Java

ABOUT

Computational Science and Engineering with focused interests in Data Science, AI Engineering, Bioinformatics/Biotechnology, and Quantitative Modeling. Built hands-on experience through academic and independent projects in data pipelines, predictive modeling, and automation. Driven to apply quantitative and data-centric approaches to solve real-world problems across scientific and financial domains.

EXPERIENCES

Software Developer **Feb 2025 - Feb 2026**
PT. Exedy Prima Indonesia

- Worked directly under the supervision of the company's IT Staff Supervisor.
- Conducted development aimed at digitizing work systems for the entire department, from preparation and production to maintenance
- Developing-Testing-Deploying of the companys ERP based on every department requirement
- Side project of developing software of auto raw material weighing planning with colleagues of IoTs team
- Side project of software development for periodical tooling maintenance

Educator **Sept 2022 - Nov 2022**
HIMTI BINUS University

- As a math mentor, I empowering high school students with the foundations of Calculus, fostering their confidence and critical thinking, bridging apprehension with mathematical mastery, especially for computer science student candidates.

PORTFOLIO

A curated collection documenting my work across AI, data, and software engineering. Each project reflects my curiosity and the way I approach solving problems, one idea at a time.

EDUCATION

Bina Nusantara University **Aug 2021 - Present**
Bachelor of Computer in Computer Science

- Specialization in Digital Creative Technology that includes, Data Science, AI Engineering, Bioinformatics, Full-Stack Software Development.

St Louis 2 Senior High School **Aug 2018 - Jun 2021**

- Relevant coursework in Practical Exam of Natural Science.

SKILLS

Computer Skills

- Google Collab, Python, and Jupyter Notebook for AI Engineering
- Structured Query Language (MySQL, SSMS)
- C as introduction of computer language in campus
- Java, PHP, Laravel and GO for Web-App Developement
- Kotlin, Flutter, Unity, and Android Studio for Mobile Developement
- Tableau and Rapid Miner for Data Scraping and Visualization

---

CERTIFICATION & AWARDS

iSEMANTIC **2026**
Author and Presenter of research paper at the 11th International Seminar on Application for Technology of Information and Communication
10.1109/iSemantic71495.2026.11742914

Oracle Cloud Infrastructure Data Science Professional **2025**
Certificate of Recognition from Oracle University

Corporate Finance **2025**
Certificate of Achievement from 365 Financial Analyst

ICCSCI **2023**
Author and Presenter of research paper at the 8th International Conference on Computer Science and Computational Intelligence 2023
https://doi.org/10.1016/j.procs.2023.10.573

BOOTCAMP **2021**
As participant of DQLab in associate with UMN 2021. In spesific study of Data Science and Analytic

HIGH SCHOOL **2019**
3rd place in the academic score of the Science parallel class
